

THIRD PARTY COMPENSATION AND RELATED CONFLICTS OF INTEREST

This disclosure document ("Disclosure Document") describes compensation ("Third Party Compensation") received by LPL Financial LLC ("LPL") from third party product providers and their affiliates ("Product Sponsors") in connection with financial products and services offered by LPL to its brokerage and advisory customers ("Customers"). The amount of Third Party Compensation can vary depending on many factors, including but not limited to the type of investment product (e.g., mutual fund, variable annuity, etc.), the Product Sponsor, and whether the Product Sponsor participates in any of LPL's Marketing Support Programs. The form of Third Party Compensation can also vary. In some cases, Third Party Compensation is a one time payment based on new sales of interests in products ("Sales"), and in other cases, Third Party Compensation is received on an ongoing basis as a percentage of assets owned beneficially or of record by Customers or for which LPL is the broker/dealer of record ("Customer Assets"). Occasionally, Third Party Compensation is based on a combination of Sales and Customer Assets.

In general, Third Party Compensation is in addition to other product-related fees paid by the investor, including upfront or ongoing commissions or concessions. Third Party Compensation may be paid by the investment fund, investment sponsor, or an affiliate, but generally represents an expense embedded in the investment that is born by investors.

Like all financial services companies, LPL has conflicts of interest. As an LPL Customer, it is important to understand that LPL's receipt of Third Party Compensation creates a conflict of interest for LPL, which means that there is an incentive for LPL and/or its financial advisors ("Advisors") to recommend investment products that pay Third Party Compensation. The variations between amounts and forms of Third Party Compensation also create an incentive for LPL and/or its Advisors, for example, to recommend holding products which pay Third Party Compensation to LPL as an ongoing percentage of Customer Assets.

Customers should read carefully this Disclosure Document and any other related disclosures, including but not limited to any offering documents related to the Customer's investments. Customers should also be aware that there may be additional conflicts of interest that are not addressed below. Unless otherwise stated below, all compensation amounts are annualized and the compensation received by LPL is not shared with your Advisor. Any questions concerning LPL's services, compensation, or this Disclosure Document (including requests for copies of documents referenced below) should be directed to your Advisor or LPL Customer Services at (800)-558-7567.

THIRD PARTY COMPENSATION AND RELATED CONFLICTS OF INTEREST

1. **Marketing Support Programs.** LPL receives Third Party Compensation in connection with programs that support LPL marketing and sales force education and training efforts, such as LPL’s annual national sales and education conference and other conferences (“Marketing Support Programs”). Marketing Support Programs are offered in multiple tiers, which means that Product Sponsors pay different amounts of Third Party Compensation and as a result receive different levels of benefits. Marketing Support Program compensation for various financial products offered by LPL are as follows:

¹ LPL also receives up to \$10 per trade ticket charge for each brokerage purchase of a mutual fund participating in a Marketing Support Program. American Funds Distributors, Inc. compensates LPL in accordance with the terms of a letter of understanding. Compensation is paid at the discretion of American Funds Distributors, Inc. and may vary in any given year, but will not exceed the sum of (a) 0.10% of the previous year’s American Funds sales by LPL, and (b) 0.02% of the assets of the American Funds held by LPL customers. Actual amounts depend on LPL’s sales, customer assets and redemption rates, and LPL’s relationship with American Funds. For funds that pay based on new sales, compensation to LPL will not exceed the sum of (a) .10% of Sales, and (b) 0.03% of Customer Assets.

² Compensation may be paid on a combination of Customer Assets and new Sales

³ Ticket charges for variable annuities vary across LPL’s brokerage platform. If the Product Sponsor of a variable annuity pays Third Party Compensation under certain Marketing Support Programs, LPL waives the ticket charge for purchase orders of its variable annuities placed through LPL’s annuity order entry system.

⁴ This category of financial products includes but is not limited to: real estate investment trusts (REITs), managed futures, hedge funds and private equity funds.

⁵ In general, this compensation is not shared with your Advisor. In certain circumstances where no commission is paid, in order to compensate the Advisor, LPL may share a portion of the marketing allowance of up to 0.50%.

⁶ This payment is a flat amount and is not received in connection with any particular LPL customer or Customer Assets.

2. **Recordkeeping.** LPL receives compensation from mutual funds for providing recordkeeping and related services to the funds.⁷ In general, LPL receives Third Party Compensation for providing recordkeeping services and therefore has an incentive to recommend mutual funds that pay for these services. In addition, mutual funds that pay for recordkeeping services may carry a reduced ticket charge or no ticket charge on LPL's platforms.⁸ In cases where the Advisor is paying the ticket charge,⁹ the Advisor is incentivized to select mutual funds with lower ticket charges which will result in Third Party Compensation for LPL. Recordkeeping compensation is as follows:

Product Categories	LPL Recordkeeping Compensation
Mutual Funds	<ul style="list-style-type: none"> • Up to 0.40% of Customer Assets, or • Up to \$25 per Customer position

Mutual funds that receive recordkeeping services are as follows:

⁷ These services include establishing and maintaining sub-account records reflecting the purchase, exchange or redemption of shares by each LPL customer account. These services also include the consolidation of Customers' trades into one daily trade with a fund, which requires LPL to maintain all pertinent individual shareholder information for the fund, including the transaction history necessary to track and process sales charges, annual service fees, and applicable redemption fees and deferred sales charges for each position, as well as other transaction details required for ongoing position maintenance purposes. If LPL does not provide recordkeeping services to a mutual fund family, then fund shares are traded on a networked basis, which means LPL submits a separate trade for each individual customer trade to the fund and, therefore, LPL maintains only certain elements of the fund's shareholder information.

⁸ Customers should be aware that some mutual funds offered by LPL may be purchased without a ticket charge by processing the transaction with a check and application sent directly to the mutual fund.

⁹ Advisors pay for ticket charges on some of LPL's platforms, including but not limited to LPL's Strategic Asset Management II and Strategic Wealth Management II accounts.

Mutual Funds	<ul style="list-style-type: none"> • Up to \$40,000 comprised of: <ul style="list-style-type: none"> ▫ Up to \$15,000 as a due diligence fee, and ▫ Up to \$5,000 per fund to a maximum of \$25,000

5. **Ad Hoc Reporting.** LPL receives up to \$200,000 annually as Third Party Compensation from mutual fund and annuity Product Sponsors in exchange for access to a web-based portal that provides business intelligence and ad hoc reporting relating to LPL's Advisors.
6. **Reimbursement for Shareholder Materials.** When LPL delivers mutual fund shareholder reports and proxies to you, LPL is reimbursed by the mutual fund for the delivery costs. The maximum fee that can be charged for delivery is set by New York Stock Exchange (NYSE) rules. If LPL uses a vendor to perform the delivery, the vendor seeks reimbursement from the mutual fund on LPL's behalf and in certain cases remits a portion of the reimbursement to LPL.
7. **No Transaction Fee Network.** Certain mutual funds that participate in LPL's No Transaction Fee Network ("NTF Funds") can be purchased in Strategic Asset Management (SAM) and RIA Strategic Wealth Management (SWM) accounts and non-retirement Strategic Asset Management II (SAM II) and RIA Strategic Wealth Management II (SWM II) accounts without a transaction charge. If an NTF Fund is purchased in a SAM account or SAM II non-retirement account, the mutual fund directs payment to LPL to be used exclusively to defray the transaction charge otherwise owed by the Customer (in the case of SAM) or by the Customer's Advisor (in the case of SAM II). In the case of SAM II/SWM II, Customer should understand that the cost to the Advisor of transaction charges may be a factor the Advisor considers when deciding which mutual funds to select and whether or not to place transactions in the account. In particular, the Advisor has a financial incentive to select NTF Funds for non-retirement Accounts to avoid paying or to lower the transaction charges.

The following mutual funds participate in the SAM and SAM II NTF Network:

AB	Dreyfus	Invesco
Aberdeen	Eaton Vance	Ivy

8. **Technology Funding.** When LPL incurs technology development-related costs associated with the launch or maintenance of a platform, tool or service, LPL sometimes receives reimbursements from Product Sponsors for such costs. Because LPL benefits from product sponsors' reimbursements of technology development-related costs, LPL's financial interests are conflicted with its ability to use strictly objective factors when selecting Product Sponsors to make available on the applicable platforms.
9. **Concessions.** LPL receives Third Party Compensation in the form of a concession or placement fee from Product Sponsors in connection with transactions in new issues described below and shares a portion of this compensation with its Advisors.

Financial Products	LPL and Advisor Compensation

10. **Life Insurance.** In addition to the compensation LPL receives for other products offered by insurance Product Sponsors, such as annuities, LPL receives compensation from issuers of life insurance (universal, variable universal, whole life, and term) and other insurance contracts available to Customers. The amount of commission varies depending on the issuer, coverage and the premium amount. Advisors receive a percentage of the commissions and trailing commissions the insurance company pays to LPL and/or LPL Insurance Associates, Inc. ("LPLIA"). LPL, LPLIA, and Advisors may also receive additional compensation from issuers whose aggregate sales exceed premium thresholds specified in selling agreements with LPL and/or LPLIA. ¹³ In certain cases, LPL receives additional payments from a UIT sponsor, also known as volume concessions, based on LPL's aggregate sales volume with such sponsor, which are not shared with your Advisor. From time to time, in addition to any dealer or volume concession, LPL receives a reallowance of the public offering price per unit on units of certain UITs and structured products sold by LPL during the initial offering period.

¹⁴ LPL does not share this compensation with your Advisor.

¹⁵ The commission payment option is selected by the Advisor.

THIRD PARTY COMPENSATION AND RELATED CONFLICTS OF INTEREST

11. **Cash Sweep.** LPL automatically transfers cash deposits, including money waiting to be reinvested such as dividends, incoming cash deposits and money from sell orders, in the Customer's account into an interest bearing account, such as a bank account or a money market fund. LPL offers two FDIC insured sweep programs and multiple money market fund options, depending on the Customer's account type. For more information, please see the applicable ICA or DCA disclosure booklet.
- a. **Insured Cash Account (ICA).** LPL offers a service to sweep cash held within customer brokerage accounts into an interest-bearing FDIC insured cash account. Under its agreement with each bank in which LPL deposits customer cash, LPL receives a fee from the banks equal to a percentage of the average daily deposit balance in the ICA. The fee paid to LPL may be at an annual rate of up to an average of 4.00% as applied across all deposit accounts taken in the aggregate; therefore, on some accounts, fees to LPL may be higher or lower than this average percentage amount. The compensation LPL receives on ICA may be higher than the compensation available to LPL from an alternative sweep investment option. LPL receives compensation from each bank in which an account has an ICA, as shown in the monthly account statement.
 - b. **Deposit Cash Account (DCA).** Under the DCA program, each Bank pays an amount equal to a percentage of the average daily aggregated omnibus deposit balance. This amount includes the fee for the third-party administrator, LPL's per account fee, and interest payable to participating accounts. Different Banks may pay different amounts. Customers have no rights to the amounts paid by the Banks, except for interest actually credited to the Customer account. However, amounts collected from the Banks during each period, less interest credited, will be allocated on a per dollar per account basis and used to offset your monthly LPL account fee. For its services under the LPL DCA program, including making the platform available, LPL receives a per account fee each month. The maximum fee paid to LPL may be up to \$24.50 per account per month. The monthly fee is based on a fee schedule tied to current Fed Funds Target Rate as detailed in the DCA Disclosure Booklet located on lpl.com. The current fee can be found at lpl.com. It is expected that this fee will be recouped from the DCA Program Banks and will not be a fee directly applied to your account.
 - c. **Money Market Funds.** For accounts not eligible for ICA or DCA, cash balances can be automatically invested in a money market fund. The money market mutual fund automatic cash sweep program sweeps uninvested cash daily into taxable and tax-exempt money market funds offered by J.P. Morgan Asset Management and Federated Services Company. LPL receives compensation of up to 0.16% of Customer Assets invested in J.P. Morgan Asset Management money market funds and up to 0.35% of Customer Assets invested in Federated Services Company money market funds. The sweep money market funds generally pay 12b-1 fees higher than other money market funds. The 12b-1 fees and the payer of such fees are set out in the prospectus of the money market fund.
 - d. **High Cash Balance.** LPL offers a High Cash Balance Options ("HCBO") program for ICA-eligible accounts¹⁶ with at least \$250,000 of uninvested cash balance available for investment. This program enables eligible accounts to purchase certain money market funds and retain an ICA sweep on the account. Money market mutual funds that are available in HCBO compensate LPL at a rate of up to 0.14% of Customer Assets. These payments are in addition to recordkeeping fees that LPL receives as described above.
12. **Float.** As broker-dealer and custodian of its customers' assets, LPL receives compensation (sometimes referred to as "float") in the form of earnings on LPL's investment of uninvested cash in Customer accounts. Cash typically accumulates in a Customer account because (i) the Customer contributed, deposited or otherwise moved cash into the account, or (ii) there was a sale of securities. LPL also receives float on outstanding checks after they are issued by LPL to a Customer but before the Customer presents the check for payment.

¹⁶ Non-ICA eligible accounts may participate on an exception basis.

THIRD PARTY COMPENSATION AND RELATED CONFLICTS OF INTEREST

13. **Optimum Funds.** If the Plan purchases a fund in the Optimum Funds mutual fund family, you should be aware that LPL provides services to the Optimum funds and receives the following compensation for such services, in addition to recordkeeping fees. LPL provides investment consulting services to the investment advisor of the Optimum Funds pursuant to a consulting agreement between LPL and Delaware Investments, which services include, but are not limited to, assisting the advisor in determining whether to engage, maintain or terminate sub-advisers for the Optimum Funds. As compensation for these services, LPL receives an annual investment consulting fee of up to 0.22% of fund assets annually from Delaware Investments.
14. **Strategic Wealth Management.** LPL offers a custodial platform for registered investment advisor (RIA) called Strategic Wealth Management (SWM). Some mutual fund Product Sponsors pay LPL up to 0.15% of Customer Assets on the SWM platform (exclusive of recordkeeping or 12b-1 payments) and as a result benefit from reduced ticket charges. Although RIAs using the SWM platform do not receive any part of these payments, RIAs that use SWM II benefit from the reduced ticket charges.
15. **Miscellaneous and Non-Cash Compensation.** LPL, LPL employees and Advisors receive compensation from Product Sponsors that is not in connection with any particular Customer or Customer Assets. Compensation includes such items as gifts valued at less than \$100 annually, an occasional dinner or ticket to a sporting event, or reimbursement in connection with educational meetings, Customer workshops or events, or marketing or advertising initiatives, including services for identifying prospective Customers. Product Sponsors also pay for, or reimburse LPL for the costs associated with, education or training events that may be attended by LPL employees and representatives and for LPL-sponsored conferences and events, which may include events under the Sponsorships Programs described above.
16. **Collateralized Lending Arrangements.** LPL offers a program that enables Customers to collateralize certain investment accounts in order to obtain secured loans through banking institutions that participate in the program, such as TriState Bank, Goldman Sachs, and Bancorp. LPL receives Third Party Compensation from these participant banks based on the amount of the outstanding loans. Compensation can be up to 0.75% of the outstanding loan amount. This compensation to LPL varies, and, therefore, LPL can earn more or less depending on the bank selected by the Customer. This compensation is a conflict of interest to LPL because LPL has a financial incentive for the Customer to select a bank in the program, and a participating bank that pays LPL more. However, LPL does not share this compensation with its Advisors, and therefore, an Advisor does not have a financial incentive to recommend one bank over another. LPL's interest in continuing to receive investment advisory or brokerage fees gives LPL an incentive to recommend that Customers borrow money rather than liquidating some of their assets managed by LPL, when it could be in a Customers best interest to sell such assets instead of using them as collateral for a loan. When a Customer pledges assets in an account, the Customer is a borrower and uses the cash and securities in the account as collateral for a loan and pays interest to the bank. Because of LPL's arrangements with the banks participating in the program, Customers may be limited in their ability to negotiate the most favorable loan terms. However, Customers are not required to use the banks in LPL's program, and can work directly with other banks to negotiate loan terms or obtain other financing arrangements. Customers should be aware that LPL's collateralized loan program is one way, among many, for Customers to obtain a secured loan. Advisory Customers should understand that the interest and additional fees paid to the bank in connection with the loan are separate from and in addition to any advisory fees the Customer pays LPL for its advisory services on the account. As an alternative, Customers could pledge securities held in a brokerage account at LPL, under which Customers would pay commissions for securities transactions instead of ongoing fees for investment advice.
17. **Third Party Asset Management Programs (TAMPs).** LPL enters into agreements with third party investment advisers to whom LPL refers Customers, pursuant to which LPL may provide (i) marketing services on behalf of the third party investment advisers to LPL representatives; or (ii) data technology services to integrate third party investment adviser account data on LPL's technology systems.¹⁷ LPL receives up to 0.10% of Customer Assets that it refers to a TAMP. TAMPs that currently pay such fees include Brinker.

¹⁷ Your Advisor does not share in these fees. If LPL acts as a referral agent, the Plan or the Plan's participants being referred to the TAMP or investment advisor firm are required to be provided with a disclosure statement (which must be acknowledged in writing) outlining the referral arrangement and the compensation to LPL.

THIRD PARTY COMPENSATION AND RELATED CONFLICTS OF INTEREST

18. **Error Correction.** In the event a trade error occurs in an account, and such error is determined to be caused by LPL, LPL will cancel the trade and remove the resulting monetary loss to a Customer from the account. If a trade correction is required as a result of a Customer (e.g., if a Customer does not make full payment for purchases or fails to deliver negotiable securities for liquidations before trade settlement), LPL will cancel the trade and any resulting monetary loss will be borne by the Customer. In the case of a trade that requires a correction as described above and that resulted in a monetary gain to the Customer, such gain may be removed from the account and may result in a financial benefit to LPL.
19. **Other Fees and Conflicts.** You may be subject to other fees set forth in the schedules, available at https://lpifinancial.lpl.com/disclosures/fee_schedules.htm. Other conflicts of interest can be found in LPL's Form ADV, available at <http://www.adviserinfo.sec.gov>.
